July 2015

From the President

I really can't believe that it's show time again already. It seems such a short time ago that it was still below freezing. I suppose that the excessive rain hasn't helped. It was pretty dry when I planted the corn at the show grounds but it has rained almost every other day since.

On June 6 we had our spring tractor pull at the show grounds. We were lucky that it turned out to be one of the nice days. My brother Steve had to scrape the mud on top of the track over to the side so that we could pull but the track held up well all day. I believe everyone there had a good time.

Some friends and I attended the Coolspring show on June 19. We were able to get around most everywhere, but there was a lot of mud. We still had a good day. As you've heard me say before, one of the things that I enjoy most about attending the Coolspring show is sitting down and visiting with Ellis Wellman. This time though, Ellis and his wife Marcia were both unable to attend due to health reasons. Please keep them in your prayers.

On Saturday and Sunday, after we were at the Coolspring show, I attended the annual Brokenstraw Antique Tractor Club picnic weekend. The forecast looked like we would probably make it through the Saturday morning tractor ride without getting wet but there was a pretty good chance of rain in the afternoon. It sprinkled on us for just a couple of minutes and then it stopped and didn't rain the rest of Saturday. On Sunday morning, I checked the weather forecast and the chance of rain had dropped to 20%. We went ahead and left on our Sunday morning ride and again

only got sprinkled on briefly. In the afternoon, the sun came out so, right after lunch, I took the tractor home and disced the field where I was planning to plant sweet corn. Monday was another nice day and I was able to plant the corn. Just as I finished putting the tractor and planter away, it started to rain. Now I will wait to see if it drowns or freezes.

Now on to business. Our upcoming show will be featuring engines built in Iowa and Allis Chalmers tractors and equipment. Don't plan on everyone else bringing their stuff—you bring yours. I'm also hoping that we'll have more construction equipment than we've have in the last few years. Since the last show, the membership has voted to eliminate the size limitation on the area of items for sale in the engine display area. Now, as long as the items for sale are engine or tractor related, they can be sold in the engine display area. I will however make a warning that if someone has more items for sale than display items they may be asked for a vendor fee just like the people in the flea market have to pay.

I've run over the word count that I'm now allowed so...

'til next time...

Dave Goodwill

UP Down & All around

Spring Tractor Pull 2015

We were very fortunate to have great weather this year for our June pull as mother nature has been making it tough on getting anything done outdoors this year.

We did have some problems that I want to apologize for. For some reason the scales would not work no matter what the men in the scale house tried. The only thing left for us to do was to announce to the pullers the problem and give them the option of going ahead with the pull with them being on the honor system as to what their tractor weighed. Everyone wanted to go ahead, so after the break for lunch the pull was started. At almost the same time we started pulling the scales came back on line so everyone was able to weigh out.

We are not sure as to what the problem was but there is work being done on the scales and a technician is coming in to check them out before the summer show.

I would like to thank everyone who came to pull, everyone who helped out, and the women of the club for having the food on hand.

I want to mention again what was announced at the drivers' meeting last fall about pullers that are bending and breaking the rules. If your tractor does not meet the rules you will be placed in exhibition class. The biggest complaint that we are getting is about hitches so if you have modified your hitch make sure it meets the rules. The rule has been in place for years so there is no excuse to be non-compliant.

Everyone keep your fingers crossed that it quits raining long enough that we can get the track worked up and into shape so we can have good pulling at the summer show. COME HAVE FUN and above all BE SAFE. Any questions can be addressed to *Dave Edder* at 814/476/7569.

Attention Campers and Flea Market Vendors

We hope we've rectified the congestion that has occurred each Wednesday morning of the Summer Show at the flea market/camping registration gate. Signs will be posted to guide each of you to the correct sign-in gate and additional people will be working to speed the process along. Set-up time begins at 9 am on Wednesday, July 15, 2015.

Any questions, or for further information, contact Lew Dille at his cell number: 814-439-1417 any time or online prior to July 14th at ggd1949@copper.net. Leave a message on Lew's cell and he will return your call.

Exhibitors

Wednesday, July 15th at 9:00 am is the earliest time to bring in and set-up equipment, tractors, engines or related equipment, unless you have permission from an officer to do so at an earlier time. Please set-up your display in the area designated for that type of equipment. If you're not sure where to set-up, check with a Society officer or Director. They all wear badges with their names and position.

Don't forget to park your equipment trailers and trucks in the designated parking areas after you're done unloading. Those areas are on the right or west side of the entrance driveway prior to reaching the ticket booths.

Ladies Building

The Summer Show is fast approaching. The Ladies Building Display Themes for our Summer Show include *On Farm Butchering* and *Ice Harvesting*. Members make the show, so please take some time to see what you have that could be added to the display. As always we welcome general household items as well as those for the future. The Ladies Building will be open the evenings of July 14th and 16th and all day July 15th to drop off items. Check PS&GES Group on Facebook <https://facebook.com/groups/pioneersteamandgasgroup/> for updates. *Tracey Dengler Crawford*

Essay Contest

Two outstanding papers were received during the first ever *PS&GES Historical Essay Contest*. The papers are currently being judged and the winner will be announced Saturday, July 18 during the show. *Tracey Dengler Crawford*

Bean Soup

Open for business this summer. Prices remain the same. This year we will also be selling *Smith Hot Dogs*. Hours of service are 11 am to 6 pm Friday and Saturday. Sunday 11 am until soup is gone but no later than 3:00 pm. Helpers would be appreciated. *Leitha Goodwill*

Baby Changing Station

Members of the *Hamlin Chapel*, *Little's Corners* and *Bethany United Methodist Churches* offered to provide a baby changing station at the Pioneer Summer Show. Rev. Jeff Bobin is the pastor of these three churches, two of which are located very close to the Society's show grounds. Pat Koehler and Phyllis Carr are coordinating the arrangements.

Society members felt this would be a good service to offer to visitors, exhibitors, flea market vendors and campers. A clean, private place for young mothers to change diapers and/or feed their babies. Fathers, you too are welcome to bring babies to the "Station" for diaper changing.

A couple people from these churches will staff the Baby Changing Station whenever it is open. Hours have been set for Friday: 11 am to 8 pm, Saturday: 10 am to 9 pm, Sunday 11 am to 3 pm.

We certainly thank these people for volunteering this free service to those attending our show. *Pioneer Steam & Gas Engine Society*

Operator Safety Meetings

All the Safety meetings are held in the Grandstand across from the announcer's stand unless you're directed to a different location by the PA announcer. Listen for announcements to learn the times for each day's meetings.

COOL FM 101.7 WMVL

COOL 101.7 will return this year on Friday, July 17th between the hours of 2 and 5 pm to do a remote broadcast from the Society's Show Grounds. Several days prior to the remote broadcast they begin advertising when they'll be at our summer show. So tune in to 101.7 Cool FM prior to the show as well as during the broadcast. Catch our ads as well as the music, conversation and interviews during the remote. It's all as close as your nearest radio.

Pies and Ice Cream Shops

From Thursday afternoon, and each morning of the show after 8:30 am pies may be dropped off at the pie shop. Please sign the register that's on the counter when leaving your pies and LABEL your pies. If you want your pie pans returned, make sure your name is on each pan. These are the pies people look forward to eating when visiting the Show. Keep them coming! The hours are 10 am till 8 pm on Friday and Saturday; 10 am till 3 pm on Sunday or until sold out.

There may be different people in charge of the Ice Cream Shop this summer, but Danielle and Emily have many years of experience when it comes to taking your orders, scooping *Perry's* ice cream and pleasing the customers. Here's another venue that would like some extra help. Just come to the door and let them know you're available. Think about working so close to so-o-o many delicious flavors!

Bags of ice are available at both the Pie and Ice Cream Shops.

2nd Annual Pioneer
Apple Pie Baking Contest
Fall Show October 10, 2015

Grand Prize – \$100.00
1st runner up – \$ 50.00
2nd runner up – \$ 25.00

Pies will be judged on overall appearance, filling (flavor and texture) and crust. Any type of apple pie is acceptable; one crust or two crusts. The three winning pies will be auctioned off for club benefit. The bakers of all other pie entries will have the option to let their pie(s) be auctioned or cut and sold at the Pioneer Pie Shop. Pie pans will NOT be returned, so please use a disposable pie pan. 8"- 12" size.

Judges are banned from pie receiving area until contest judging begins. Please do not put identifying marks on your pie. Assistants will be available to receive the pies and collect personal information. You do not need to be present to win, a check can be mailed to the address you provide.

RULES:

- 1) \$5.00 non-refundable entry per pie, enter as many as you like
- 2) 8-12" disposable pie pans only
- 3) Pies become property of PS&GES. Winning pies will be auctioned off. All other entries can either be auctioned or cut and sold by the piece in the Pioneer Pie Shop
- 4) All proceeds benefit the PS&GES
- 5) Pies will be accepted at judging area on Saturday Oct. 11 between 9 am and 11:30 am
- 6) Judging will commence approximately 12 noon
- 7) Winners will be announced during the Tractor Pull. Auction to follow after tractor pull (approximately 4:30 pm)
- 8) Grand Prize - \$100.00, 1st runner up - \$50.00, 2nd runner up \$25.00
- 9) Judges decisions are final
- 10) Please do not identify the baker in any manner on pie

If you bring an apple pie for the contest, (or other baked items for the auction) follow the posted signs to the drop-off location. Have fun and good luck. The idea of this Apple Pie auction and more is to have fun. Success depends on you and our bidders. If you choose not to enter a pie, please consider bringing an item or 2 to donate to the auction. Last year we had a great time and lots of interesting items were auctioned. Any questions, please call Dawn Jankovich 814-437-1596, or Nancy Anderson at 814-664-2880.

The Pioneer Steam & Gas Engine Society
mourns the recent loss of

GEORGE W. BROWN

DALE F. FOBES

"They will be missed"

George W. Brown passed away on Tuesday, April 26, 2015. He farmed his entire life on Brown Hill, Cambridge Springs, PA. George was a member of the Pioneer Steam & Gas Engine Society for many years, and always attended the Summer Shows. He enjoyed exhibiting John Deere "green" tractors and equipment and participating in Antique Tractor Pulls.

Dale F. Fobes of Albion, PA, passed away on Sunday, July 5, 2015 with his wife of 70 years by his side. Dale served in the Army Air Corps during World War 2. He farmed, owned a general store, and owned a welding and metal fabrication business. This led him to the repair of steam boilers, including many antique steam traction engines, which introduced him to the antique engine hobby and the folks involved with it, including the Pioneer Steam & Gas Engine Society. He later acquired a Peerless portable steam engine, which he exhibited at our shows. Dale, a Life Member of the Society, donated his time and items when we were establishing our show grounds.

"A" is not only a good grade

"A" is also the first letter of **A** large part of our fall show. **A**utumn, **A**uction, **A**ntique tractor pulls, **A**pple dumplings and **A**pple Pie Contest. Since we have 5 "A"s we feature, we must have a 5 Star Show. We hope to see you on October 10th for all of the above. Bring **A** friend or family member, bring **A** well filled wallet, bring **A** healthy **A**ppetite to support all of our attempts to make the best fund raiser yet.

*Dawn & Nancy & Sue,
The Apple Dumpling Gang*

PS&GES at the Crawford County Fair

With plenty of area for our Society display we need lots of tractors, other equipment and hit-and-miss engines to present a quality exhibit. Director Chuck Porter has agreed to spend the week of the fair at our display. He'll be keeping an eye on all the machinery day and night. We need a few other members to spend time at the display to relieve Chuck, run some of the equipment and talk to visitors.

The fair runs from Saturday August 22 through Saturday August 29. Set-up day is Friday August 21 with Sunday August 30 as tear-down day. Extra hands and extra vehicles are always needed to move Society equipment to the fair and back to the Grounds. See you there!!

PS: Have you members down Franklin way given thought to creating an exhibit at the Venango County Fair? This opportunity was addressed in the May 2015 newsletter. Talk with Herb Jankovich at our Summer Show if you might be interested.

A Fund Raiser for the Club

We are having a Fall Auction at our show on October 10, 2015, after the tractor pull. Included will be the winning apple pies from the contest. If you have any items to donate to the auction you can bring them over at any time and leave them at the Pioneer Kitchen pavilion and we will take care of it. You can also bring them on any work day or the day of the show and drop them off at the Music Barn or stop at the Registration Booth. We will help you.

Don't know what to donate? Any saleable item from yard sale, tractor parts, tools and etc. If you wouldn't buy it, please don't donate it. You can contact Nancy Anderson, 814-664-2880 or Dawn Jankovich, 814-437-1596.

Thank you and hope to see you at the show!
Nancy & Dawn

Townville Old Home Days

On Saturday July 11, if you're not working on preparing the Society grounds for our show, you might want to consider participating in the following. During Townville Old Home Days celebration there will be a "Cruise-in" for antique cars and for the first time antique tractors (all ages, types and sizes). No fee to participate, No judging. Just a good time! The time is from 12 Noon to 3 pm.

In addition, there's a parade on the 11th at 10:30 am. Anyone from PS&GES wanting to put a tractor in the parade should contact Judy McPherson at 967-2863.

Pioneer Steam & Gas Engine Society

2015

CAVALCADE OF ENTERTAINMENT

The Peterman Family Singers... We are a musical family growing up in the Rundelltown area, Conneautville, PA. Our Dad, Charles Peterman had a county music band and taught his children to play musical instruments and sing. We sing for various clubs in the area, Nursing homes, and Church. The family consists of Russ Peterman, Tom Peterman, Rylee Jones, Pat Bailey, Gert Panko and Chuck Peterman. Friends Don Rowan, Ron Sterling and Frank Bishop help out on the accompaniment. The Peterman's have been performing at the Steam Show since it moved to the Saegertown location and enjoy entertaining with Old-time songs, country and Gospel music.

Country Blue... From Erie, Harborcreek, and Union City, this newly-formed group has recently returned to follow their desire in the musical arena. As members of their new venture, they pursue their format of Traditional Bluegrass and Country Style presentations from past years to the more recent era along with their own song writing capabilities. Musically involved for the past several years throughout the local and surrounding area making numerous appearances for a wide variety of events. Current members of the new "Country Blue" group are: Bill McCall, guitar-vocal-songwriter; Bill Abbey, mandolin-vocal-songwriter; Henry Runser, fiddle; and Darrell Obert, bass.

SCHEDULE

Friday 2-4 pm
Peterman Family

Friday 7-9 pm
Country Blue

Saturday 2-4 pm
Earth Angel

Saturday 4:30-6:30 pm
Pine Valley Boys

Saturday 7-9 pm
Traditional Country

Sunday 9 am
Special Music by Dan Schall
Church Service

Traditional Country Band... About 17 years ago me and my brother put a band together. We got Tammi Drohn to play the drum and I sing gospel music. My brother writes gospel music and I sing

MENT

Earth Angel... Earth Angel is a powerful acoustic duet with Elizabeth Tomcho on guitar and vocals, and Beth Edwards on fiddle and vocals. Their specialty is close harmonies, trading lead vocal duties to suit the songs. When the occasion calls for it, the band expands with a bass and additional lead fiddle. The love sharing their enthusiasm for "Traditional American Music" including Gospel, Bluegrass, Country, and Folk. No venue too big or small, and no audience too old or young! They are well received and their fan base grows along with their set lists of great songs.

The Pine Valley Boys... Country-Bluegrass-Gospel With their special blend of humor and music, the Pine Valley Boys are sure to entertain you. Members of the Pine Valley Boys are front: Pete Morrow (banjo), Bob Sweeney (guitar); rear: Jimmy Miller (mandolin), Brian Lepley (bass), Mike Guttmiller (guitar).

Dan Schall...

4th Annual **PS&GES**

Sweetheart Pageants

FRIDAY 10:00 am -12:00 noon
sign-ups for these 3 groups is 9:30 am

GOLDEN MS. PS&GES SWEETHEART — 60 YR OLDS AND OLDER
SILVER MS. PS&GES SWEETHEART — 41-59 YR OLDS
MS. PS&GES SWEETHEART — 20-40 YR OLDS

FRIDAY 4:30-6:00 pm
sign-ups for these 2 groups is 4:00 pm

JR. MISS PS&GES SWEETHEART — 10-14 YR OLDS
SR. MISS PS&GES SWEETHEART — 15-19 YR OLDS

SATURDAY 10:00-11:30 am
sign-ups for these 2 groups is 9:30 am

LITTLE MISS PS&GES SWEETHEART — 6-9 YR OLDS
TINY MISS PS&GES SWEETHEART — 3-5 YR OLDS

Pageants will run one right after the other. The length of each pageant depends on the number of contestants. The attire for all pageants is western or pioneer. These are fun and simple pageants! There is no talent required: contestants are judged on their ability to speak in front of people, attire, presentation on stage, and smile. You introduce yourself and tell about your hobbies, and draw a question from a bowl and answer it. Crowns, sashes, and trophies will be awarded. We are hoping for a good turnout, so please spread the word and encourage all your family and friends. Winners will be required to participate in the parades at the PS&GES grounds and the Cambridge Springs parade on August 2nd, and any other parades or pageants of their choice. Rides are furnished for required parades only. We usually walk around before the pageants and ask people, or ask for volunteers from the audience, to be judges. To be fair to everyone, we want judges who do not know the pageant participants. If you would like to judge a pageant, please let us know. Please contact Lynnette or Cindy Bonanno with any pageant questions. LYNNETTE or CINDY may be reached at 814-795-7714.
